

CASAGRAN
MIR 
Mannivakkam

Casagrand Real Estate Enterprise is committed to building aspirations and delivering value.

In the last thirteen years, we have developed over 9 million sft of prime residential real estate across Chennai, Bengaluru and Coimbatore. 68 landmark properties and over 4000 happy families stand testimony to our commitment.

In line with our philosophy of creating superior living spaces that reflect our belief, we also offer tastefully chosen plotted development spaces in select locations.

In the fourteenth year of our journey, we at Casagrand are all set to progress further forward with projects worth over ₹6500 crore in the pipeline.

Gym

Indoor games room

Amenities

- Gymnasium
- Indoor games room
- Kids' play area
- Video games room
- Yoga room
- Party hall
- AV room
- Association room
- Swimming pool
- Toddlers' pool
- Outdoor children's play area
- Half basketball court
- Badminton court
- Landscape parks with seating
- Walking and jogging track
- Creche

Living room

Bedroom

PRODUCT SUPERIORITY

1. Community design

- a. It has been designed to build a community with activity driven open spaces and community social interactions
- b. The design has 4 large open to sky courtyards, which invite people to use these spaces for social interactions
- c. Social interactions are also facilitated with the location of the clubhouse as everybody has to walk through green open courtyards to access it

2. Podium concept

- a. The community sits on a landscaped podium at the first level with swimming pool and clubhouse in the center
- b. It is the only project with landscaped open spaces and undisturbed views around

3. It is one of the biggest projects in the area from a renowned builder with all basic amenities and a wide range of sizes catering to the market.

4. Vaastu compliant

Conscious efforts have been taken during design phase to have most of the units Vaastu compliant and we have achieved the following:

- a. Maximum units have SW bedrooms
- b. Minimum units have north facing headboards
- c. Minimum units have SW entrance
- d. Minimum units have NE, SW toilets and kitchen

5. Central open spaces

- a. A lot of open spaces are provided in the community with play grounds in OSR at the entrance and 4 courtyards
- b. Apart from these activities, it also provides a lot of green space for the community and has seating arrangements to enjoy the evening

6. Ventilation

Utmost importance has been given to ventilation for all habitable spaces. All internal and external spaces are well ventilated and you will always get fresh air in all spaces.

7. Secure community

- a. Controlled entry to and exit from the community with security cabins located at the entrance
- b. Beam sensors along the compound wall will act as a burglar alarm for any intrusion through these walls

8. No dead space

- a. Internal spaces have been designed with zero dead space
- b. All the external spaces have been utilized with proper allocation of car parks and meter rooms for various purposes

9. Efficiency of plans

Efficiency of plans has been given main importance during design phase and we have managed to keep common areas to only 21% from saleable area to plinth.

10. Interior planning

Interior detailing for each apartment is done to help customer furnish house as per plans shown in brochure with:

- a. Defined wardrobe locations for every unit
- b. TV position for every unit
- c. Bed location with side tables
- d. Electrical layout

11. Privacy to bedrooms

Maximum units have bedrooms designed in such a way that they are private and visitors sitting in living do not directly look into bedrooms.

12. Common washroom

As per customer feedback, we have provided common washroom for the guest, which also helps you maintain your privacy.

13. Bedrooms and balconies planning

- a. All bedrooms and balconies are planned in such a way that they either look outside or at the internal courtyards, making every bedroom suitable for good views and ventilation
- b. None of the bedrooms and balconies look into small cutouts and non-ventilated spaces

14. Kitchen space planning

Sink with drain board has been shifted to utility to give more working counter space in kitchen.

15. Planning for ODU locations

Thoughtfully planned and created spaces for placing ODUs of ACs so that this area is accessible for service and no AC will be seen on building façade as it will be hidden within its ODU space. You can refer ODU space in any plan as a reference.

16. Well lit and ventilated corridors

All the corridors are well lit and ventilated from either ends or intermediate cutouts, so that there will not be any requirement for lighting corridors during the day.

17. No balconies look into each other.

18. All balconies are of 5 feet size and can be furnished and used for enjoying the evenings.

19. Canal view apartments

Project has been designed with a 15m setback from the canal to offer these units unobstructed views with good ventilation and light.

20. The community is well equipped with recreational activity spaces and amenities. It has 15 amenities for your healthy lifestyle after a tiring day.

21. No bedroom is less than 10 feet in dimension.

SPECIFICATIONS

STRUCTURE

- RCC framed structure with RCC foundations
- Designed seismic resistant structure Zone III using Fe 500 steel TMT bars
- 200mm solid concrete block for the outer wall and 100mm block for the internal partition wall
- Slab height will be maintained at 2.9m

WALL FINISH

- Internal wall in the living, dining, bedrooms, kitchen and lobby will be finished with 1 coat of primer, 2 coats of putty and 2 coats of OBD
- Ceiling will be finished with 1 coat of primer, 2 coats of putty and 2 coats of OBD
- Exterior faces of the building will be finished with 1 coat of primer and 2 coats of emulsion paint
- Utility and bathrooms will be finished with 1 coat of primer, 2 coats of putty and 2 coats of OBD
- Bathroom walls will be finished with glazed ceramic tiles up to 7 feet from finished floor level
- Utility walls will be finished with glazed ceramic tiles up to 4 feet from finished floor level

FLOORING

- Foyer, living, dining, kitchen and bedrooms will have 600 x 600mm vitrified tile flooring
- Bathrooms, balcony and utility will have 300 x 300mm ceramic tiles with matte finish
- Terrace floor will have grano flooring with threaded grooves
- Common area and staircase will have tile flooring

KITCHEN

- Platform will be done with granite slab 600mm in width at a height of 800mm from the floor level and will be provided with stainless steel sink with drain board from Nirali or equivalent
- Dado tiles of up to 600mm from the granite slab
- Provision for exhaust and water purifier point
- CP fittings will be Parryware / Hindware or equivalent

BATHROOM

- Wall mounted basin from Parryware / Hindware or equivalent will be provided in all bathrooms
